

Double Notice Protection Form

I want to take advantage of Duquesne Light Company’s Double Notice Protection Plan. When this form is received by the Company, the Double Notice Protection Plan will become effective. This means any notice of possible cutoff of electric service for overdue bills will be delivered or mailed to the customer and also the Third Party (individual or agency) named below. I also agree that Duquesne Light Company incurs no liability whatsoever for failure to do so for any reason.

State

Zip

Customer Signature

Date

Receiving a disconnect notice does not obligate the third party to pay the overdue electric bill, nor will it necessarily prevent or even defer a cutoff if the bill is not paid. The notice simply reminds the third party that there is an opportunity to help solve the problem.
