**Mark Miko Named Duquesne Light's Chief Information Officer  
Will Oversee Technology, Systems Infrastructure, Cyber Security and More**

**PITTSBURGH** – Duquesne Light today announced that Mark Miko joined the Company as Vice President, Information Technology and Chief Information Officer (CIO).

In this role, Miko is responsible for providing strong leadership and oversight of the Company's recent and future technology investments and implementations. Miko will direct and manage the Company's Information Technology resources, including infrastructure and architecture, application development, networks, computer and auxiliary operations and cyber security for the enterprise. He also will collaborate closely with the Company's Operations and Customer Care teams to help evolve customer interactions through the strategic use of technology.

"Duquesne Light is in the process of transforming the way it engages with customers and technology will play a critical role in this important evolution," said Miko. "I'm excited to join the Company during such a transformative time."

Miko brings nearly 20 years of experience to Duquesne Light. He began his career at Deloitte consulting on major initiatives for electric power utility clients such as First Energy, GPU Energy and Hydro Quebec. Since that time, he advanced to various leadership positions in both utility and non-utility companies, most recently as CIO at Education Management Corporation (EDMC).

"We are excited to welcome Mark to the Duquesne Light team and look forward to the leadership he will bring to the critical efforts underway in our IT organization," said Mark Kaplan, Senior Vice President and Chief Financial Officer. "Mark's extensive and diverse background in various industries provides a unique perspective that will help us identify and leverage new opportunities to benefit both the business and our customers."

A Pittsburgh native, Miko holds a bachelor's degree in Business and Computer Science from the University of Pittsburgh. In 2007, while working at Armstrong Utilities Inc., he was named CIO of the Year by the Pittsburgh Technology Council. Miko, along with his wife Carrie and two children, resides in Cranberry Township, PA.

**About Duquesne Light Company**

*Duquesne Light Company is a leader in the transmission and distribution of electric energy, offering superior customer service and reliability to more than half a million customers in southwestern Pennsylvania.*
